This is an error.

I posted the collateral and was on the phone with my rep last night with him on the phone. He confirmed everything was fine and today's market also removed us out of that risk. I need my money returned right away. Please contact me asap.

Dear John,

Given the recent market activity and your Loan ID 558207a5 entering Default, a collateral liquidation was triggered to lower your LTV. Please note this liquidation was triggered on 2021-05-19 when your LTV reached 80% (Default), per the terms of your executed Loan and Security Agreement.

Please see transaction details below:

BlockFi Loan ID: 558207a5

Date: 2021-05-19

Collateral Sold: 1565.24 ETH

USD Raised: 3540582.38

Our backend and Risk Management systems have been updated to reflect this information. If your frontend dashboard does not reflect this information, it will be updated very shortly. These transactions cannot be reversed or undone.

Please contact us if you have any questions.
